## SIX CANDIDATES FOR ALDERMANIC HONORS AT VILLAGE ELECTION

Brook Withdraws — Wm.  
A. Rosing Is Candidate  
for Treasurer.

Developments this week in the local political field indicate that the village election on April 17, will not be as tame an affair as was the annual town election here Tuesday when three candidates were re-elected without opposition.

In the village a second ticket has appeared on the political horizon, the independent, bearing the names of Nason Sibley, Wm. J. Christian and Frank R. King as candidates for village trustees. The petition placing the three men in the race was filed with Village Clerk Harry A. Isaacs late Monday. Both Mr. King and Mr. Christian have served the village as president, one term each.

The independent petition does not name a candidate for village clerk, nor does it bear the name of an aspirant for the village treasurership.

J. E. Brook Withdraws

J. Ernest Brook, named on the People's ticket as candidate for treasurer, has withdrawn and the name of Wm. A. Rosing has been substituted as a candidate for that office. Other candidates on the People's ticket are Harry A. Isaacs for village clerk, and E. O. Hawkins, Roy L. Murrie and H. J. Vos for trustees.

## Easter at The Churches

### Methodist Church Notes

All the service on Easter Sunday will be devoted to the telling of the Resurrection story. The Beginners and the Primary departments are inviting the parents to attend their program. The older groups will worship at 9:45 in the Sabbath School rooms. The morning service of worship is at 10:45. The director of the adult choir, Mr. S. E. Pollock has promised all a rare treat, they will sing "The Gloria from the Twelfth Mass" by Mozart. Singing this piece is seldom attempted by a choir outside of the large centers but we are fortunate to have the talent to carry it through. Mr. Clarence Shultz will sing "Jesus Lover of My Soul." Mrs. Nellie Heald Tarnow will sing "The First Easter Morning" by Scott. The sermon will deal with "The Assurance of Immortality." It will bring comfort to many tired aching hearts who have witnessed the passing of a loved one. Come and worship on Easter morning.

The evening service at 7:30 is in part a Dedication Service in honor of Miss Lillian Fairman, whose gift made it possible for the church to install new lighting fixtures throughout the church. In memory of Miss Fairman come and pay a tribute.

It is to be hoped that every Christian will hold it as a sacred charge to attend a public service of Christian worship and especially make his Communion at the early service if possible. ## Lake County's Choice for Secretary of State

William J. Stratton

Lake county's native son, and the only Lake county man who ever aspired to state office, whose candidacy for secretary of state is growing in popularity in every county. Friends of the Lake county man are predicting victory for him by 150,000 votes.

## EMMERSON-STRATTON PARADE WILL CLOSE LAKE COUNTY PARADE

The final big event in Lake county's campaign for the nomination of Emerson, Glenn, Carlstrom and Stratton will be a mammoth booster parade for the candidate Saturday afternoon. Antioch cars will leave from the corner of Main and Lake streets at 1:30 p. m., and the procession will be formed at Lake Villa at 2:00 o'clock. Among the towns to be visited are Gurnee, Waukegan, North Chicago, and down the lake shore to Lake Forest, returning by way of Libertyville.

Banners for cars will be furnished for all cars who wish to go. Banners and ballots will be supplied by J. C. James or B. F. Naber, and all who intend to make the trip should communicate with these gentlemen before Friday noon.

## New Precinct To Be Formed In Antioch

A new precinct, No. 3, is to be formed in Antioch township to accommodate the voters in the western part of the township, according to Supervisor B. F. Naber, who announced this week that he will take immediate steps to have the new polling place established before the fall election.

"It is a great inconvenience for voters to have to drive fifteen or sixteen miles to vote," said Mr. Naber, referring to citizens who live on the west side of Channel Lake. "A polling place on the west side of Channel Lake will be a very welcome convenience to all residents in the western part of the township, and we are sure one can be established before the November election." Mr. Naber declared to friends here yesterday.

## Base Ball Practice To Begin Sunday Afternoon

Another indication that winter has made its last stand is that baseball teams are being formed and practice for old and new players will soon be the order of the day. Antioch has had teams in the past seasons that she may well be proud of and it is expected that the coming season will witness another series of interesting games. There will be practice at the Antioch ball park Sunday afternoon at two o'clock, and all old members as well as those desiring a try-out are urged to be present.

A very good meeting of the Lake County Baseball League was held at the Y. M. C. A. in Waukegan Monday evening, at which time several important matters were discussed. Another meeting will be held there again Monday.

The prompt response of the Antioch Fire Department helped to get the fire under control quickly, thus preventing a blaze that would have done considerable damage. The property is owned by George Wedge.

## Antioch Legion Post Entertain Patients at Great Lake Tonight

The members of the Antioch American Legion Post went to Great Lakes tonight to the Veteran's hospital where they will entertain the patients there with an evening of cards, music and edis. It is so arranged that some Legion post of the county go to the hospital every other week to entertain the wounded veterans who are patients there. The Antioch Post certainly intend to give their buddies a beautiful feast from the amount of food that was taken along, including cakes and cookies, the articles of food that appeal most strongly to a man's "sweet tooth."

## WORK ON GAS LINE INTO ANTIOCH WILL SOON BE COMPLETED

The L. E. Myers Company  
at Work This Week In  
Lake Villa.

It won't be long now until Antioch will be listed among the modern villages of the state. Monday afternoon the large ditch digger of the L. E. Myers Company finished digging the three and one-half foot trench required to lay the 6 inch high pressure gas main in, coming up Orchard street to Main street where operations ceased for the time being, or until a contract is let for the further work of laying the line through the town and connecting the homes of those property owners who are planning to take advantage of this modern convenience. Workmen are busily engaged in placing the pipe line this week and expect to finish backfilling today.

The digger has gone to Lake Villa where work is well under way on the 4 inch line that taps the 6 inch line into Antioch at Grand Avenue and enters Lake Villa from that direction. The line into this city has been laid from a point near Fox Lake, a distance of seven miles. At this writing there has been no contract let for work in the town but it is expected that operations will start soon on this part of the work and that within a month or six weeks residents will be enjoying the benefits of gas for cooking and heating.

## LOCAL BANKERS ATTEND BANQUET IN HIGHLAND PARK

The regular monthly meeting of the Lake County Bankers' Federation was held in Highland Park on Friday evening. S. Boyer Nelson of the First National Bank and Elmer Brook of the State Bank attended the banquet and program that followed. They were accompanied by Will Rosing and Walter Borman.

## RICHARDS, GELSTRUP, DUNN RETURNED TO TOWNSHIP OFFICE

Only Eighty-two Voters  
Cast Ballots at Annual  
Town Election.

Utter quiet and peacefulness marked the annual town election held here Tuesday when three unopposed township officials were returned to office for another term. The candidates were C. F. Richards, for town clerk; Harold Gelstrup, for assessor; and Frank Dunn, for highway commissioner.

A total of 82 votes were cast in the two precincts, 53 in Antioch one, and 29 voting in the second precinct. Mr. Richards was high with 81 of the 82 votes cast. Following is the vote by precincts:

	Precincts	One	Two
C. F. Richards, clerk		52	29
H. Gelstrup, assessor		47	27
Frank Dunn, highway commissioner		48	28

A few scattering votes were found in the ballot box in precinct one. J. Van Duzer received two votes for assessor, and Frank King one. H. P. Lowry and Paul Ferris each had one vote for commissioner of highways.

Reports of officers were read and appropriations for the coming year were made at the annual town meeting held at the village hall at one o'clock in the afternoon. Details of the town's business will be made public soon through the publication of the supervisor's report.

## Galiger Wins at Lake Villa

B. J. Galiger, candidate for highway commissioner in Lake Villa township, was victorious over George McCredie in a hotly contested election Tuesday in that township. Mr. Galiger's majority was about forty votes. McCredie was running for re-election.

Another contested office was that of constable. There were two to elect, and Sidney Dibble and Louis Koppen were the victors over Chas. Pester. The names of Pester and Dibble were printed on the ballots, but Mr. Koppen won his post by friends writing his name on the ballots.

C. H. Stratton, for supervisor, and E. A. Wilton, for assessor were unopposed and each received a splendid vote. A total of 539 ballots were cast.

## NEWPORT VOTERS CAST 449 BALLOTS

F. G. Lucas, candidate for re-election to the office of highway commissioner on the Taxpayers' ticket in Newport township lost that office to Emmett Hastings, the People's candidate, by about forty votes in Tuesday's election.

Otto Mara, clerk; Mrs. Gertrude Van'taten, assessor; and Henry Ames, school trustee, were all returned to office without opposition.

## One Contest Features Fox Lake Election

Democrats and Republicans staged a great contest in Fox Lake township Tuesday, the battle of ballots centering around the contest for

## GLENN SLAMS INSULL DEAL; RAPS SMALL'S "MACHINE POLITICS"

VICTORY LOOMS FOR "LOU"

Otis F. Glenn

That Louis L. Emmerson will be victorious for the Republican nomination for governor at the Primaries next Tuesday is apparent from the enthusiastic but well founded reports from downstate managers and in Chicago. The only question is the size of the pluralities that Emerson, Glenn, Carlstrom and Stratton will receive.

### Small Silent on Issues

In discussing the campaign issues, Mr. Emmerson says: "There are 8 important issues, but Governor Small, who has been governor for 8 years and is seeking re-election to his third term, is silent on them. He discusses one issue only, and unfortunately that has proved not to be an issue at all. He talks of nothing but roads. He pleads with you not to 'change horses in the middle of the stream,' meaning, I suppose, that until all the roads in the state are paved he should be kept in office."

highway commissioner, for which office there were two candidates, Henry Tonyan, (Dem.) and F. J. O'Boyle, (Rep.) Mr. Tonyan was the victor with 404 votes to Mr. O'Boyle's 345. Each ran strong in their home communities, Tonyan receiving 334 votes to O'Boyle's 130 in Ingleside, Precinct 2, but in Fox Lake Precinct 1, the condition was reversed, Mr. O'Boyle being favored by 215 votes to Tonyan's 70; however greater numbers in Tonyan's precinct won for the Ingleside man.

### Stanton Is Re-elected

Frank Stanton, (Dem.) for supervisor, was returned to office without opposition, as were also, Mrs. Flora Rushmore, town clerk, and George Kay, assessor, both the latter being Republican candidates.

## Fearless In Denouncing "Machine Politics"

Oscar E. Carlstrom

Candidate for re-election to the office of Attorney General, who has told voters of Small's attempt to dominate every department of state government, even to the supreme court.

## LITTLE GIRL OPERATED ON FOR APPENDICITIS

Adele Miller, little twelve year old daughter of Mrs. Emma Miller was taken to the hospital in Waukegan last week where she underwent an operation for appendicitis. At this time she is convalescing nicely.

## Claims Small and Mayor Plot to Sell Car Lines

Emmerson, Carlstrom and  
Stratton Make Great  
11th Hour Gains.

Insull domination of the Small-Thompson-Smith hookup was denounced vigorously last night by Otis F. Glenn, the Lowden-Emmerson-Denn candidate for United States senator.

Speaking at three south side meetings he charged that there is an insull deal afoot for the election of Governor Len Small for a third term, the election of State Senator John Bailey as attorney general, and the control of the legislature for the purpose of enacting transit legislation for the benefit of the Insull interests.

### Emmerson Makes Great Gains

Gratified by the wave of sentiment for the Emmerson state ticket sweeping over Illinois, Louis L. Emmerson, Republican candidate for Governor, is this week making his final appeal to the voters of Cook county and keeping before them the important issues of the campaign.

The Secretary of State will make his last Chicago speech before the April 10, primary on Friday noon and then go to Champaign where he takes the platform Friday night. At East St. Louis on Saturday night he will address another meeting and then rest his case for the Republican nomination.

Enthusiastic but well-founded reports from downstate managers are coming into Emmerson headquarters. The Chicago situation is so good for the whole Emmerson ticket that the only local question is the size of the pluralities Mr. Emmerson, Otis F. Glenn, candidate for U. S. Senator, Attorney General Oscar E. Carlstrom and William J. Stratton, candidate for Secretary of State, will pile up in Cook County.

"We are bending every effort to get out every Emmerson vote," Rodney H. Brandon, Emmerson's state campaign manager, said today. "We are not over-confident, and we know that we must get every Emmerson vote actually cast at the polls."

## Interesting Review of Trip to Florida Given By C. K. Anderson

Mr. and Mrs. C. K. Anderson have recently returned from a trip to Florida and Cuba. They were delighted with all they saw and Mr. Anderson in the following letter to the Editor of the News gives a very interesting review of their trip.

Dear Mr. Gaston:—  
Mrs. Anderson and I left Chicago January 17th, for Florida, arriving at Melbourne on the 19th. Melbourne happens to be just half way between Jacksonville and Miami, on the east coast on the inland of the Indian River. We, of course, had accommodations reserved for us with Mr. and Mrs. E. B. Williams.

The following Tuesday we took Mr. and Mrs. Williams on a trip to Groveland, passing through Indian City, Orlando, and Clear Water, making in all an 80 mile drive. In Groveland we visited my sister for a few days. Orlando to Groveland is hilly, and contains many lakes, and is very thriving, being covered with citrus groves and vegetable gardens. Orlando is situated in the center of the state and has seventeen lakes within its city limits which help to make it an exceptionally beautiful city. We motored to Orlando four different times, enjoying every trip.

Mr. and Mrs. E. M. Runyard of Waukegan came to Melbourne on February 8th, and on the 11th two other couples from Chicago joined us. All of us motored to the west coast, going by way of Haynes City, and then south on the Seale Highway through Densen, Mountain Lake, Lake Wales, Highland Park, Babson (Continued on page 3)

Mrs. Henry Mau returned home on Friday night from the Wesley hospital of Chicago where she has been for the past few weeks undergoing treatment for diabetes and heart trouble. She is somewhat improved now.

Hints

**Suits Are Chic for Spring**

The two-piece suit for spring! Nothing is more trim. With the close-fitting hat, long slip-on gloves, a chic little bag, and shoes with medium heels, the tailored costume is complete.

Two kinds of suits, equally popular, are in the foreground of fashion this spring. There is the long coat style, which is as good for street wear this year as the short coat suit. They come in light tweed as well as in darker materials. With them either the tiny "eyebrow" hat, or the little "off-the-brow" hat with the short veil may be worn.

**Simple Gloves Are in Vogue**

Simplicity is the key-note of fashion in gloves for the spring season. Elaborate designs and bright colors will be passe. The washable suede glove is still prevalent, but the colored bands and elaborate designs have disappeared, leaving the very plain or tailored.

When occasion requires, the long, white kid glove is still proper for evening wear.

Grey and tan are the most popular shades for this season. A trimming of black stitching around the fingers of the glove will be especially good.

**Our Shoes and Hosiery**

It was predicted at a recent fashion show that shoes would be more important than pearls in dress this spring. This prediction seems to be realized. Indeed, with skirts getting shorter more attention is being paid to the shoes and hosiery. Women of the olden days thought it was very "dressed" to wear a string of pearls; today we believe that neat shoes and hose add much more to the appearance. As a result, American manufacturers have taken the lead in the fashioning of such things.

Black shoes seem to be the prevailing color this spring. Even when the costume is of tones of brown, the black shoes far out number the brown.

**Beaded Bags Are Popular—Simple Compacts Are Preferred**

Dame Fashion is presenting for the use of the modern woman the small "fit-in-the-pocket" coin purses to replace the old, clumsy bags of days gone by. Tan morocco leather coin purses trimmed with contrasting colors, red purses, and green bags are the favorites.

There is a decided preference for the beaded purse, or a small cloth fold, embroidered in colors and with gold and silver threads, to be used with evening dress.

The simple compact of leather, silver, or gold is now used in place of the elaborate compact of the last years.

**—AND SOME HUMOR**

"The jury had been out on the case all morning and was still undecided. The vote stood eleven to one for acquittal, but one old clogger stubbornly held out for a verdict of guilty."

The sheriff came in at dinner-time and inquired what they would have to eat.

"Well," said the foreman, disgustedly, "you kin bring us eleven dinners." Then he added, reflectively, "and a bale of hay."

A Greek woman the other day dug up \$750 which had been buried since 1770. Wonder if she got the interest too?

Spring with its succulent vegetables that are both a relief to our jaded appetites and nourishing as well, suggests new dishes. We have one dish which we liked so well and is also liked by friends who have tried it that we have given it a special name and a special place on the menu. Here it is:

**Missouri Special**

For a small family select three medium-sized green peppers, clean out seeds and stuff with smoked sausage. Cook these over a slow fire for about thirty minutes in enough meat broth to half cover peppers. At the end of the thirty minutes add a medium-sized head of cabbage cut in half-inch thicknesses; four or five medium-sized carrots sliced or cut in lengths, and a half of a No. 2 can of tomatoes. Cook for twenty minutes longer and serve all together in one dish, garnish with parsley. This is a whole meal in one dish.

**Fried Whole Potatoes**

Wash, pare and trim new potatoes in uniform sizes. Cover with cold water and let stand several hours, changing water occasionally. Dry with a tea towel. Fry a few at a time in a deep fat until a golden brown. Put on a dripping pan and cook in the oven until tender. Serve with a white sauce, to which has been added one-half teaspoon of chopped parsley.

**Young Carrots in Cream**

Wash, scrape and thinly slice young carrots; about 2 cups full. Cook in boiling salted water, with 1 onion until carrots are tender. Drain, remove onion and reheat carrots, in 1/2 cup hot, rich cream, mixed with one slightly beaten egg yolk. Sprinkle with chopped parsley, season with salt and pepper to taste.

For that party which is to be different from all others, try this Chinese recipe which comes from the Pacific coast: Cook one cup drained, crushed pineapple for a few minutes in four tablespoons butter. Add six tablespoons flour and blend. Add one and one-half cups chicken stock and season to taste. Stir until thick, then add three cups diced white chicken. When hot pour on toast and garnish with chopped salted almonds. Serve hot.

**Red Devil's Food Cake**

1 cup sugar  
1/4 cup shortening  
2 eggs  
1 1/2 cups sifted flour  
1/2 cup boiling water  
2 squares bitter chocolate  
1 1/2 teaspoons baking powder  
1/2 teaspoon salt  
1/2 cup thick, sour milk.  
1 teaspoon soda  
1 teaspoon vanilla

Mrs. Chas. Griffin.

**Perfumes to Suit Types**

Individuality—the goal of the modern woman—is expressed in her perfume as it is in her clothes, and perfume today is one of the most important accessories of one's costume. What scent is suited to my personality? That is the question.

The dainty flaxen haired miss will probably choose a soft, delicate perfume, while the intriguing dark one may prefer a more subtle, elusive odor. One may like that almost hypnotic scent inspired by a tropical wild flower; another may find that fragrance which has its origin in the blossoms of the Orient best suited for her.

They stir the imagination—these bewitching perfumes. With such variety lady can have little difficulty in finding one to suit her own personality.

**HAPPINESS**

Once a wise man said: "Happiness grows at our own firesides, and is not to be picked in stranger's gardens." If you do not find happiness in your home it is, perhaps, because you have not planted the seeds of happiness there. Or, having planted them, you have not stayed around to watch them grow.—Grove Patterson, in the Mobile Register.

If George Washington were to come back now, walk along Pennsylvania Avenue and see a modern flapper parked in a roadster with her legs crossed smoking a cigarette, wonder if he wouldn't be just a little sorry that he saved the country?

When they get telephone lines all over the world if the wrong number practice continues you are liable to call up the Prince of Wales some evening and get the king of Siam.

# C. K. Anderson Gives Interesting Review Of Trip To Florida

(Continued from page 1)

Park. Frostproof to Seabright. This section of Florida is, to my mind the best of all Florida because the land land yields a wealth of produce, for this country is certainly productive. One can look in any direction, and all that can be seen are the hills covered with citrus groves.

We stayed three days at Hilsen Park with my old friends, Mr. and Mrs. Lonn, who have one of the show places in Florida. Their house is located on the top of the highest point in Florida, and one can sit on their front veranda and see for miles over the tops of the trees. Many speak of this section as "The Mountains of Florida," but even at that they are only 320 feet above the sea level. The Mountain Lake Golf Course Estate, comprised of 6,000 acres of land, is not far from them. This was one of the most interesting places to see in the entire state of Florida. On the top of one of the highest hills in the estate, is being built a tower of steel and Italian marble, which, when completed, will shoot up into the air 500 feet. This is only 55 feet less than the noted Washington's Monument of Washington, D. C. Trees, shrubs, flowers, and every type of plant known to grow in Florida are being transplanted to the hillside around the tower. This is all being done by Mr. Lonn of Philadelphia. In the vicinity of the golf club are many palatial homes. To play on this course is a real treat as it is a sporty one and very private.

We next went to Sarasota where we met other friends. This city, too, is very beautiful, but nevertheless I was somewhat disappointed in the town itself as this is one place in Florida that I had not visited before. Ringling Brothers are now building a large art museum there and are also building an immense hotel on one of the islands nearby. After a few days, we motored through Bradenton to Tampa where we made headquarters for a short time. We met some more friends and we had a very good time celebrating my birthday, and, as I understand it, those who attended this dinner say that they will never forget it.

We visited St. Petersburg, Belair, Clear Water, and returned to Tampa and then to Melbourne where most of our friends left us, going to various places, but Mr. and Mrs. Runyard and Mrs. Anderson and myself took a trip to Havana where we had a most enjoyable time. We went sightseeing and played golf on one of the most picturesque courses in the world, or as much of the world as I have seen. The ladies bought linens and perfumes. We went to see the Cuban National game—Jai-Alai also to the races. We were also fortunate enough to be there on the last day of the Mardi Gras. It is said that from twelve to fifteen thousand persons visited Cuba during the tourist season, and during our stay there I never saw one single person intoxicated although a great number of persons are accused of going to Cuba for one purpose only. Cuba has the most wonderful climate as it gets the benefit of the Caribbean Sea winds. They have many fine buildings and boulevards. The government of Cuba planted four rows of Royal Palms six blocks long leading up to the Presidential Residence just before President Coolidge visited Cuba. When these palms are more fully

grown, this avenue will be a magnificent sight. The Cubans have named one of the streets of Havana, and call it "Coolidge Avenue."

On our return trip, the first stop was Miami. From there we proceeded to Palm Beach where we met several of our friends whom we had seen before. The beauty of Palm Beach is well known, but if you are going to stay there at the leading hotels, you must have a fat pocketbook. The Breakers Hotel is almost beyond comparison in its splendor and ranks among the finest hotels in this country.

From Palm Beach we went back to Melbourne, and there met Mr. and Mrs. William Oetting, Mr. and Mrs. Herbert Vos, Mr. McVey, Mr. and Mrs. Ray Progenzer, Mr. and Mrs. Brandt, and numerous others stopped to pay a visit. It seems that there are more people from Antioch at Melbourne and thereabouts than in any other place in the state. We had the pleasure of meeting Mr. and Mrs. Wm. Hillebrand at various times, and Mr. Hillebrand is just coming along fine. I am sure that this will be good news to those who know him. We had been entertained much and had gone out with many friends, but after our return to Melbourne we took Mr. and Mrs. E. B. Williams for a four-days' trip to the west coast and they stood the trip well and enjoyed it as much as anyone else. Frequently we saw Mr. and Mrs. W. R. Williams, Mr. and Mrs. Herman Bock, Mr. and Mrs. Adolph Pesat, Sr., Mr. and Mrs. Jos. Labdon, Mrs. Westlake, Mrs. Drucilla Ferrie, and Mrs. Deneen.

Miami Beach, Palm Beach, St. Petersburg, and several other towns of Florida have had all the tourists they could handle this year. Many other sections have over-built. Therefore they were not filled to capacity, however with the beautiful weather and the excellent roads, what more can a person want who is looking for recreation and getting away from the cold breezes of the North?

To those who have invested in Florida land, I may say they will have a long wait for returns, especially outlying districts, and in some instances it never will come back, but to those who have invested in citrus fruit land or land suitable for truck gardening they will only have a few more years to wait before they can dispose of some of their property, al-

## Letter From Viegel's Assures Friends of Safety In Newhall

The Antioch News is in receipt of a letter from Mr. and Mrs. Charles Viegel and family of Newhall, Cal., which is located a few miles from the St. Francis Dam that recently went out, sweeping all before it and taking a huge toll of lives and property. Mr. and Mrs. Viegel and Mr. and Mrs. Story are former residents of Antioch and their friends here were concerned about their safety when the news of the tragedy reached here. A story was run in the News to that effect two weeks ago and was seen by them. Below is the letter we received this week assuring friends of their safety. They also sent several pages of interesting views of the dam and the surrounding country, taken before and after the flood.

Newhall, California

March 19, 1928

To the Antioch News and Friends:  
From the way that we received telegrams, we could not think what had gone wrong, back East, but after investigating we found out that the Chicago papers had Newhall destroyed. Well dear folks we consider ourselves lucky that the water took its natural course and we had the protection of the hills. Newhall is located just six miles from the dam, but the water going west instead of south is what saved us.

The tragedy was horrible. Those though no tat the top price in vogue during the boom days, as they are gone forever.

We were glad to get back to Antioch although just now we have a delayed blizzard. Antioch with its Chain O' Lakes nearby has for summer everything, homes and tourists, that Florida has for the winter tourists.

Yours truly,  
C. K. ANDERSON.

### THE PRIMARY AT ITS WORST

The presumed value of a primary is that it affords the rank and file of a party a chance to choose its candidates unbossed. And there can be no doubt that it occasionally serves that purpose.

But too often it proves itself an expensive and unsatisfactory substitute for the oldtime method of making nominations. For example, a dispatch from Michigan forecast the likelihood that there would be no opposition in that state to the Smith candidacy on the Democratic side or the Hoover candidacy on the Republican side. And yet according to a ruling of the Attorney General of the state, the primary must be held, opposition, or no opposition.—Providence Journal.

The underlying responsibility of business is to keep the door opportunity open to all on equal terms and prevent abuse of industrial power.

Farm machinery and tools will be offered for sale, among which is one Deering grain binder nearly new, a new McCormick manure spreader, Samson tractor in good shape, hay rack, Superior grain drill, sulky cultivator and many other pieces that are in good condition. From 3 to 4 tons of alfalfa, 325 bu. of seed oats, 125 bushels spring wheat, 250 bushels of barley and some household goods will also be offered. Read the ad in this issue of the News, see what is offered and attend the sale. Wm. A. Chandler is auctioneer and Earl Washburn, clerk.

The Man for the Job

Voters of Lake County owe it to themselves and the best interests of Northern Illinois to send a Lake County man to the State Legislature. The legislative needs of the Eastern part of the Eighth District demand capable and energetic representation. Of the four Lake County candidates for this office Charles Noll is admittedly the best qualified for the job.

Charles Noll is a university graduate with an A. B. degree, a law graduate with an LL.B. degree. He is a member of the Lake County Bar Association, and has spent eight years of his life in educational work. For four and one half years he was a successful teacher of history and civics in the Waukegan Township High School, resigning in 1925 to enter business. During the World War he enlisted in the U. S. Navy at the Great Lakes Naval Training Station and was in active service at the signing of the Armistice.

Mr. Noll is a practical and progressive business man, having managed the sale and development of over half a million dollars worth of Waukegan real estate. He is married, has two children and owns his own home in Waukegan.

MR. NOLL HAS THE ENDORSEMENT OF THE

Ten Reasons Why  
CHARLES NOLL  
Should Be Nominated

1. He is a lawyer and understands law and law-making.
2. He is well educated—a university graduate with A.B. and LL.B. degrees.
3. He knows and understands the legislative needs of the Eighth District.
4. He is a practical and progressive business man.
5. He was born and reared on a farm and understands farm problems.
6. He represents no group or special interests, but stands for a square deal for all.
7. He is an ex-service man, having served in the U. S. Navy during the World War.
8. He is capable, energetic and fearless in the discharge of duty.
9. He is a substantial man of mature age and sound judgment.
10. He stands for better citizenship, respect for law and clean government.

## Republican Candidate for Legislature

To the Voters of the 8th  
Senatorial District:

Feeling that Boone county is in all fairness entitled to have one of the state Representatives, while Lake and McHenry counties will divide the other three places—two Representatives and the Senatorship, I have announced my candidacy for renomination.

It has been my earnest endeavor to honestly and faithfully represent the interests of the people of the Eighth district. I joined in the filibuster against the bill doubling the assessment of property and fought the Chicago politicians in their scheme to seize control of the state through the re-apportionment bill, which would give Chicago permanent domination of the down-state and place the corrupt gangsters in the saddle for all time. I voted against legalized gambling as foisted upon the state through the race track measure. The farming interests know that I was lined up in favor of every bill to aid agriculture.

On account of the small size of Boone county as compared to the populous Lake county and the much larger vote of McHenry county, it is impossible for Boone county to keep a representative at Springfield without aid from both Lake and McHenry counties. I am asking voters of Lake and McHenry counties to give me consideration by marking their ballots to cast one vote for my renomination.

## Coroner

LAKE COUNTY  
APRIL 10

### Able—Energetic—Efficient

The office of County Coroner is one which demands the full and undivided attention of the holder of that office. It is not essential that your coroner be a physician. In fact, the statutes of Illinois make no mention of such a requirement.

In such inquests as require a knowledge of medical practice, competent physicians appointed by the coroner can be promptly summoned. Many physicians in Lake County are willing to perform autopsies without cost to tax payers, charging their services to the estate of the deceased.

More important than a knowledge of medicine and its practice is prompt response to requests for the services of the coroner's office. A coroner who is a practicing physician is not always free to answer calls immediately. Such would not be the case with a man in office devoting his full time to the job.

Voters of Lake County will make no mistake in supporting and electing Norton E. Flood for the office of coroner. Always a conscientious worker for the best interests of Lake County, he will bring to this important office the qualifications the job demands.

### HIS RECORD

Norton E. Flood was born in Gurnee, Warren township in 1898, the son of Harry E. Flood and Sarah Flood. His early years were spent on his father's farm near Gurnee where he grew

to manhood. He was married in 1922 to Margaret Howard of Russell. In 1923 Mr. Flood moved to Waukegan and accepted a position with the Atlantic and Pacific Tea Co. He won rapid promotion and was made district superintendent in 1925. Two years ago he entered the real estate business in which he has been successfully engaged to the present time.

### HIS PLATFORM

Mr. Flood, if elected, promises able and efficient administration of the office of County Coroner. He stands for the interests of the people in matters affecting public safety on streets and highways. He believes that the office of Coroner should be conducted in a fair and impartial manner and that verdicts should be returned promptly and without prejudice to any of the principals involved.

# ED CONRAD

REPUBLICAN CANDIDATE FOR

## Coroner of Lake Co.

PRIMARIES, TUESDAY, APRIL 10th

It has been my privilege during the campaign for coroner—now about to close—to hear many, many expressions of encouragement towards my candidacy from all sections of the county—and it has been said to me many times:

"From what I hear Ed—you will be elected coroner. Your opponent, Taylor, has held this office for 28 years and it's about time he stepped aside to give someone else a chance—and I understand Mr. Taylor for his last two terms has twice broken a promise made to you—that he would not be a candidate—this of course he had a right to do but did not have a moral right. But if he found that he wanted to break his promise—he could have at least treated you fair, Ed, when he filed his petition to again become a candidate. He knew you had waited at the county clerk's office since long before daylight to file—and hours before he arrived with his petition—and he knew as did the county clerk that you were entitled to first position for the office of coroner on the ballot—but in line with his selfish desire to keep on holding this office—he was again so—and cheated you out of your rights—and I admired you, Mr. Conrad, there and then when you retired like a gentleman and accepted your lot—and that act coupled with many other reasons why there should be a change in the coroner's office here made you a good many votes.

"We want a coroner who will be on the job—one who will not hold up inquests for hours and hours—sometimes until the next day while the coroner is taking care of his private business. We want a coroner who will see to it that juries are given a change to render verdicts now and then that safeguard the interests of the traveling public.

"This talk of Dr. Taylor's that one should be a doctor in order to hold the office of coroner is all 'bunk'—and it is a fact that you can give better service because you are not one. In most cases a doctor is not preferred for coroner. How about Cook County, that important locality wherein lies Chicago? The coroner there is not a doctor nor was the former one. You have been deputy coroner for many years and from what I hear you have shown efficiency and capability far above the average—so much so that you were always very satisfactory to the present incumbent—and there are at least 25 doctors in Lake County who will perform autopsies when necessary and when you ask them to, free of charge.

"Your pledge that you will give all of your time to the duties of the office if elected and your long experience as an undertaker and deputy coroner seem to me to just fit you in every respect to hold the position you now seek

Louis L. Emmerson points out, that with \$80,000,000.00 available for road construction last year, only 523 miles of roads were built. Why were so few roads built last year, and so many promised for this year?

Louis L. Emmerson promises that when he is elected Governor roads will be built in the interest of the public good and not in payment of political debts or for the purpose of influencing voters. He believes that a minimum of 1000 miles should be built annually.

### PLATFORM

Economy in the administration of public affairs.

Enforcement of existing laws, State and National.

Completion of the \$100,000,000 road program with the least possible delay.

Realization of a Chicago-to-the-Gulf deep waterway.

Relief for those engaged in agriculture. I shall, if elected, give my best efforts to bring about legislation whereby those following dairying for a livelihood will receive a larger indemnity for cattle reacting to the tubercula test. It is my belief that a farmer who loses cattle through the test and receives but \$50 to \$70 per head when replacement will cost from \$100 to \$175 per head is being subjected to more of a burden than he should be expected to bear.

I believe that everything possible should be done to encourage the employment of labor on a fair wage basis. Inasmuch as that unit of our population is by far the largest it is essential to the welfare of our nation that legislation along this line should be given serious consideration.

## PETER WM. FRETT

Republican Candidate for  
**REPRESENTATIVE**  
LAKE, McHENRY, AND BOONE COUNTIES.

As mayor of the city of McHenry has established an unquestionable record. As a business man he knows the needs of the district, and with his experience in the Veterinary Science is best fitted to serve in the interest of both the farmer and those living in the cities.

### He Pledges to Support

A deep water way, through the Fox River Valley from Antioch on the North to Aurora on the South, and as he was interested in the Dam controversy last summer, has gathered valuable information for both Lake and McHenry counties along this line, and therefore is in a position to put this deep water way idea over.

### Fish Hatcheries and Game Preserves

The past number of years the cry has been for more Fish and Game Conservation for the district. The \$20,000,000 Conservation Bond Issue which we are to vote on this year will give this district an opportunity to develop the natural resources that to date have had but little attention from our State. Mr. Frett has lived in this Lake and River region for nearly fifty years and knows that there are thousands of acres in Lake, McHenry and Boone counties that nature made ideal reservation, and should the state buy the farms available for this great necessity, it would increase not only the demand for land around the Lake and the River, but would also create a demand for the idle farms at this time in our district, and all of this without one cent of direct taxation, in as much as the fees from the hunting and fishing licenses will redeem this Bond Issue as the Auto License fees are to redeem the State Road Bond Issue.

### Knows the Farmer's Position

Mr. Frett is not against the T. B. test, and he has no words in its favor from some of the experiences that came to his attention the past three years, however, he is fully convinced that if we expect the dairy farmer to stay in the milk making business, the farmer must have more consideration shown him along the line of reimbursement for the cattle lost through the T. B. test. Not only has Mr. Frett had the experience of a Veterinary which is necessary to fully understand the test, but has had several years cattle buying experience, and the value of a milk cow is well established in his mind, consequently will make every endeavor to get more indemnity for the farmers for cattle reacting through the T. B. test.

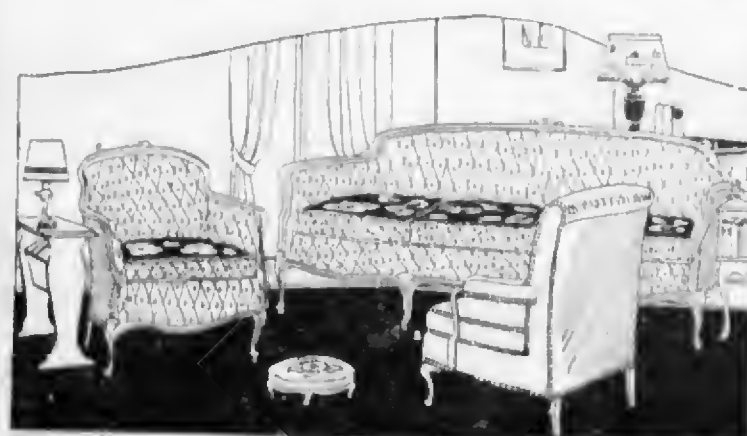

Mr. Frett is satisfied that many more think the same as he; that what we need more than lawmakers in Springfield, to represent this district, are men of practical experience, of proven character, capable, honest, and fearless.

To vote for Mr. Frett on April 10th, at the primaries, is to write your own guarantee for just such representation. Send him to the Legislature and you are going to be represented.

## Ray Paddock

Candidate For

## State Senator

asks that you give these facts concerning his life and activities earnest consideration when you visit the polls to vote on April 10, 1928.

He was born and grew to manhood on a farm in western Lake County.

He was educated in the Public Schools of Lake County and in the Northern Indiana Normal School at Valparaiso. He returned home at the age of seventeen and took over the management of a 240 acre farm and continued farming until eight years ago, when he rented his farm and moved to Waukegan. Since that time he has been engaged in real estate and is President of the Waukegan Trust and Savings Bank.

In the past he has been identified with every movement where the interests of the farmers of this locality were concerned. In 1909 when the order was sent from the Chicago Health Department to the effect that all milk coming into the Chicago market must be from cows that had successfully passed the Tuberculin Test, and without any provisions for indemnity for cattle lost and no assurance of an increased price for milk, with others interested he brought this matter to the attention of the dairymen through meetings held all over the district which resulted in the formation of the Milk Producers' Association. From this Association a Committee was appointed, of which he was a member, and went to Springfield to get relief for our people. The result was that our mission was successful.

In an effort to get higher prices for our milk, he has stood shoulder to shoulder with his fellow dairymen for what they believed they were entitled to, and as a Director, he has done everything in his power to get better prices for our products. At the present time it is his belief that the farmer should receive more of an indemnity for cattle lost through the Test, it being his opinion that the farmer is bearing too heavy a share of the burden.

He became a member of the County Board in 1915 and has been Chairman of that body for three years.

He has advocated and supported the Bond Issues that have made the present system of roads in Lake County possible.

While he was Chairman of the County Board, working with the Finance Committee, a Program of Economy was worked out and presented to the various County officers which received their whole-hearted support, and resulted in saving Lake County approximately \$50,000.00 per year.

How Route 20, from Waukegan to Woodstock, came to be on the Sixty Million Dollar Bond Issue Program: The Bill, as presented, for passage, did not provide for this route. He discovered this on a certain Friday. The Bill was to go to second reading the following Wednesday. He arranged a joint meeting in Waukegan with the result that a Committee, including himself, went immediately to Springfield, and was successful in having the bill amended to include this important route. If this very prompt action had not been taken, this route would not be paved at the present time.

He has lent his best efforts to have Route 176 built at the earliest possible moment and has worked in conjunction with those from McHenry County and Lake county who are interested, with the result that bids have been received on this entire route and contracts will be awarded as soon as the necessary Right-of-way has been secured.

It has been his purpose as Supervisor to work for what he considered the best interests of Lake County. If permitted to serve as your State Senator, he will give the same earnest attention to the welfare of the District he represents.
